

As wonderfully unique persons, we are created with a sense of connection, relatedness, meaning and purpose. This can be understood as a person's spirituality. It may be viewed through the lens of a particular religion, faith tradition or practice, or a connection outside of established spiritualities. Recognizing every life has dignity and is sacred, our organization provides spiritual support and care to our patients and their loved ones. Our professional chaplains are skilled and trained to care for the whole person. We support all spiritual and faith backgrounds or practices.

OUR MISSION

As expressions of God's healing love, witnessed through the ministry of Jesus, we are steadfast in serving all, especially those who are poor and vulnerable.

OUR VALUES

Compassion, Dignity, Justice, Excellence, Integrity

OUR PROMISE

"Know me, care for me, ease my way."

Introducing TeleSpiritual Health:

A VIRTUAL OPTION FOR SPIRITUAL HEALTH SERVICES

If you are a patient receiving outpatient care with Providence, you can now receive clinical chaplain support. Our care is provided by our professional chaplains through TeleSpiritual Health.

HOW DO I SIGN UP?

When you are scheduled for regular clinic appointments, you will receive a Spiritual Screening Questionnaire to your MyChart. If you do not use MyChart, you will be able to complete the questions with the medical assistant at the start of your clinic visit. Based on your responses, you will be referred to TeleSpiritual Health services.

You may also ask your clinical provider to put in a referral for you for TeleSpiritual Health and a chaplain will contact you via telephone to introduce services.
